LAS VEGAS operates differently than our previous convention cities. Rooms are much cheaper but the food is more expensive. Due to the high cost of food our choices of entrees are limited. The entrées chosen have been taste tested and they are excellent. The entrée's include salad and dessert with coffee and assorted teas. Wine is $7 a glass.
We have to fulfill our agreement with the hotel as far as food and beverage is concerned that is why we ask you to attend all scheduled events, especially the Friday Reception & Saturday night Cocktail party and Dinner Banquet. Otherwise SWI will have to pay the difference to the hotel. Remember they comp our rooms used for the banquet, crew lounge, business meeting and chapter chair meetings because of the amount we spend on food and beverage.
